Six Senses Con Dao

Ocean Front Villa

**LOCATION**

Located off the south-east coast of mainland Vietnam, the Con Dao archipelago of islands was initially settled by the British East India Company in 1702. More than 80% of the Con Dao archipelago is a marine and national park. The largest island, Con Son, which hosts Six Senses Con Dao is around 230 Kilometres or 145 miles from Ho Chi Minh City and is served by Co Ong Airport. It can be reached by commercial aircraft or chartered private plane, within 45 minutes from Ho Chi Minh City.

**CONCEPT**

Six Senses Con Dao sets the benchmark for excellence in Vietnam. The contemporary architecture has been designed to blend in with the beautiful natural surroundings and built following Six Senses total commitment to the environment with natural, reclaimed and sustainable materials.

The 50 private pool villas offer space and privacy along with an uncompromised standard of luxury, supporting Six Senses theme of ‘Redefining Experiences’.

Six Senses Con Dao is set in an area of outstanding natural beauty. The villas sit along a mile of golden sand, looking out at the blue sea and curve of the bay and sheltered by darkly green forested mountains. The whole area has been protected as a nature and marine reserve for decades and its unspoilt beauty is home to many endangered and indigenous species.

The heart of the resort has been designed to resemble a traditional Vietnamese fishing village and market place. Much reclaimed teak has been used in the empathetic design, including over a thousand antique wooden panels. A wooden bridge leads across a stream to the rolling sand dunes where the villas and spa are located by the beach.

**MANAGEMENT**

Six Senses Con Dao is managed by Six Senses Resorts and Spas, which has developed and operates unique properties in the Maldives, Oman, Thailand, Vietnam and Jordan under the brand names Soneva by Six Senses, Six Senses and Evason: plus Six Senses Spas and Six Senses Sanctuary. Six Senses Con Dao maintains the same brand values and personal service promised in the Six Senses Core Purpose: *To create innovative and enlightening experiences that rejuvenate our guests’ love of SLOW LIFE\**.

Together with a focused commitment to the environment, the architecture of the villas enhances the spectacular natural setting. Each villa is carefully designed using timber frames and is located sensitively within the natural slope of the dunes, with fantastic views of the sea. The natural materials are warm and tactile framing at every stage the beauty of the views. Butterfly-style roofs provide light and openness and create a shaded area for the infinity pool and sundeck.

### FOOD AND BEVERAGE FACILITIES

The main guest area of Six Senses Con Dao recreates a fishing village and local market. There is a deli, 'Deli'cious, offering cold meats and cheeses, pickles and chutnies, breads and salads, a bakery with the best of the world's patisserie - with more than a touch of influence left over from French colonial days - and fresh noodles, soups, rice, wraps and rolls, cooked over charcoal fired woks and wood fired ovens in the Vietnamese Kitchen by Ms Len and her team of Vietnamese ladies.

The main restaurant, 'By the Beach' is perched on top of the sand dunes between the sea and the river and offers beautiful views of the water and surrounding bay. The restaurant serves Asian Fusion and Western dishes - all simply cooked and presented, using the finest of fresh ingredients.

The wine cellar and Chef's Table next to the beach also offer special places to dine and of course dinner can be served in guests' villas; from simple yet delicious dishes to romantic five course dinners, to beach barbeques.

The softly curved swimming pool, beside the beach and underneath wild and mature mahogany trees is a good place to be served snacks and salads.
