

A WIN-WIN OFFER FROM SIX SENSES HIDEAWAY ZIGHY BAY:

 **JOIN WITH SIX SENSES TO BUILD SMILES IN OUR COMMUNITY!**

When you stay at a Six Senses resort you know that you are in harmony with the environment and the local community. Not only are you in tune with our SLOW LIFE philosophy: Sustainable - Local - Organic - Wholesome Learning - Inspiring - Fun - Experiences, you now have the opportunity to join with us in our special projects.

We have designated a period as our Six Senses 2009 Social Season, during which time guests are offered the opportunity to help us rebuild and renovate traditional houses in our neighboring Zighy Village. As guests, you may double the length of your stay, receiving the additional period on a complimentary basis. In return, during these extra days, you will be asked to contribute 4 hours per day in assisting with the village reconstruction, under the supervision of experienced craftsmen. Your participation will not only help the community in which we live, but will also provide a greater understanding of the local culture, resulting in a mutually beneficial and enriched experience for all.
