JOIN WITH SONEVA TO BUILD SMILES IN OUR COMMUNITY!

When you stay at Soneva Resorts Maldives you know that you are in harmony with the environment and the local community. Not only are you in tune with our Six Senses SLOW LIFE philosophy: Sustainable - Local - Organic - Wholesome Learning - Inspiring - Fun - Experiences, you now have the opportunity to join us in our special projects.

We have designated the period from 01 June – 22 December 2009 as our Six Senses Social Season, during which our guests are offered the opportunity to give a little of themselves to the Maldivian community in return for an extended stay at our beautiful Resorts. The programmes offer activities such as teaching at local schools, hospital volunteer work, assisting with our waste-to-wealth projects, working on local farms or any other project ideas that the Resort would be delighted to propose based on our guests individual profession and expertise. The guests' participation will not only help the local community but will also provide them with a greater understanding of the traditions and challenges in the local culture, resulting in a mutually beneficial and enriched experience for all.

OUR OFFER: STAY FOR 14 NIGHTS AS A PAYING GUEST AND WE WILL EXTEND YOUR STAY BY 14 MORE COMPLIMENTARY NIGHTS!

In return you participate for a total of 4 days in the community projects.

Validity period: 01 June – 22 December 2009
