### **A Sense of Laughter**

At a Sense of Laughter is open from 09:00 to 18:00 daily for 4 to 12 year olds. Here we have a great selection of exciting activities that will keep you busy in the Resort and around the Island. You can paint statues, make sand castles, explore the beach and jungle, decorate cookies, learn what to do with recycled paper and card to make exciting things, play by the pool..... The possibilities are endless. You can always join in if it looks like we're having too much fun

Our philosophy here is that you don't need to be told what to do and when, so we typically don't produce activity lists for the day (those are boring!), just come by and see what fun things are going on and join in. If you want to do something else, maybe we can get somebody else interested too.

Please note that some activities need to be booked in advance, so make sure you let your Butler know.

Children under the age of 4 are always welcome, but please note that without parental supervision, Baby Sitting charges will apply.

*Please note that all children being placed in the care of our hosts at a Sense of Laughter must be registered so we know where to find you at all times.*

### **Environment & Social**

While taking part in any excursion we ask all guests to kindly respect the environment and the local customs of Viet Nam. During any excursion that visit's religious or historical sites, please covers your shoulders and knee's, otherwise you may be refused entry.

Do not purchase shells or other environmentally sensitive items (you may not be allowed to bring them in to your home country). They are beautiful, but they look better the natural setting in which they are from. By purchasing items like these you are promoting a trade in environmentally sensitive items and encouraging the growth of these industries.

## Con Dao Historical & Prison Tour

This tour explores the rich history of Con Dao and will delve into its darker side. A series of prison systems were constructed throughout the 113 years of colonisation during which many thousands of prisoners were interred here. Conditions in the prisons have become the substance of legend with hardships and brutal regimes placing untold adversity on the local interred population.

During this tour we will visit the following locations:

- Phi Yen Temple - where Vietnamese pay their respects to the former wife of Emperor Nguyen Anh.

The tour will culminate at same house where Camille Saint Saens composed the last three acts of the opera "Brunehilda" in 1895. Now a converted coffee shop, gaze over the bay of Con Son, while sipping on traditional Vietnamese Cafe Sua Da or Iced Coffee

There are some eighteen historical sites relating to this period for the island. If you wish to visit more, please speak to the Experience team or guide and we will be happy to arrange this for you.
