

MALDIVES UNDERWATER INITIATIVE by Six Senses Laamu

Spooky story writing

Have a go at writing a scary Halloween story about life in the ocean.

Here are some questions to help you plan.

Who is the main character of your story?

What is the scary thing?

(it could be something, someone or an event that happens)

How will they escape/overcome/defeat the scary thing?

How does your story end?

(it doesn't need to be a happy ending)

Tell this story to your family or friends.

How can you make it extra spooky?

(maybe you tell it in a dark room or get them to experience the scary thing)
